

PRESIDIO

Organ and Tissue Transplant Program

When it comes to specialty catastrophic risk, one solution or structure does not fit all clients or situations. At Presidio, we begin with a client-centered approach, providing a flexible transplant program which allows clients to manage and control contracting, medical management and claim administration or delegate them to a Presidio specialist.

PROGRAM FEATURES:

- Transplants: heart, lung, liver, kidney, pancreas, tissue, bone marrow, and small bowel
- Covered entities include HMOs, insurance companies and employers
- Individual, small and large group portfolios; Commercial, Medicare, Medicaid, and Point of Service covered classes
- Benefit period includes 10-45 days prior to and 365 days post transplantation
- No deductible or coinsurance required
- Coverage limits up to \$5,000,000 per person per year
- Customized provider network utilizing national centers of excellence to complement a client's existing contracts
- Flexible medical management alternatives to augment a client's existing services through the Presidio PULSE™ Medical Management Program
- Integrates with existing reinsurance programs
- Premium payable per person per month
